

Don't Have Dental Insurance? Save Money With Our Dental Savers Plan!

We understand that not everyone who visits us has dental insurance through their employer or as a part of an independent insurance plan. To help with this problem, we have created the **Dental Savers Plan** – a discount dental program aimed to help individuals and families without insurance save money on dental services. With the **Dental Savers Plan**, you'll pay one annual premium and have your basic preventative dental services covered **AND** you'll save **15%** on every other service we offer.

The following services are covered 100% annually through our Dental Savers Plan:

- Two Periodic Oral Exams
- Bitewing X-rays annually and Full Mouth X-rays once every five years
- Prophylaxis Cleanings (2 per year)*
- In office Fluoride treatment (2 per year)
- Oral Cancer Screenings (no charge)

*Standard prophylaxis only.

Periodontal type cleanings (full mouth debridement or scaling and root planning) are procedures that fall under the 15% discount. Periodontal patients will receive periodontal cleanings for an additional \$45 and be credited for the basic cleaning price.

ANNUAL PREMIUM

See how the savings can add up for your family!
